## Cancer Fund Drive Underway

The sound of ringing doorbells marked the start of the 1961 drive of the American Cancer Society. Volunteers of the Crawford County Unit will call on homes, friends and neighbors to distribute educational leaflets which will save their lives, according to Mrs. Don Githro, chairman of the American Cancer Society.

"I hope every door in the community will be open to welcome a Crusader in April," Mrs. Githro said. "If everyone followed the advice contained in the leaflet to be left in each home, more than 85,000 lives could be saved. This is the number of men, women and children who die of cancer in the United States each year but who could have been saved by heeding the simple advice stressed in the American Cancer Society's educational program."

Mrs. Githro said the best protection against cancer was to have regular health checkups and to get early medical attention at the first sign of suspicion of any cancer's early danger signals.

Pointing out that at least one out of all those who get cancer could be cured through early detection and proper treatment, Mrs. Githro said that the American Cancer Society could make this a reality if it had enough funds to do the job. "The Society is mainly responsible," she said, "for the dramatic rise in the cancer rate. Twenty years ago only one out of seven who developed cancer were saved, today it is one out of three. With adequate public support and personal action it could be one out of two."

Money raised in the Crusade will not only be used to step up educational programs, but to provide service for cancer patients and to support research of scientists who are working to find a cure for cancer or preventive. Progress in cancer research can only go as fast as funds are available.

O. P. Holds Spring Rally

Tuesday evening, March 28th, the Crawford County Republican Club held a spring rally at the 10th and 11th District Chamber of Commerce.

What - Where - When

April 5 - Regular meeting O.E.S. Wednesday evening, 8:00 o'clock at Elletts. Worthington, Tom, Butcher of Elk Rapids, will give the glory of Elletts.

A little forethought and cooperation by smokers and debris burners can go a long way in beating down the old threat of forest and grass fires which run especially high each spring prior to the "green-up" season. A good way to stop fires from starting is to crush out cigarettes (above). Motorists are urged to use ashtrays in their cars instead of flicking cigarettes out the window. Landowners are reminded to get burning permits from the Conservation Department before starting open fires. Permits are free, easy to obtain, and offer the best single line of defense against wild fires caused by debris burning. They are available at any Department district or field office and from all conservation officers, fire officers, and townsmen. — Mich. Dept. of Conservation

LANSING — It's a fine spring day and you've decided to burn some leaves and rubbish left over from last fall.

Everything is going smoothly until a strong wind suddenly whips up. It scatters sparks and burning leaves into the open field still brown from winter. The wind fans the flames toward your neighbor's property. By this time, the fire is sending up a good head of smoke.

From his lofty vantage point, a Conservation Department spokesman says, "If you're burning, you're burning. It's a fine day, but it's a wild fire."

The townsmen or pilot pinpoints the location of your burning. He radios the location to the fire station. His alarm is relayed over an intercommunications hookup to a fire-fighting equipment station and to officers already in the field.

Fire-fighting crews zero in on your fire. Tractor-pulls spraying into action, gouging a deep furrow around the fire. Water-tanks go into operation.

The blaze is soon subdued. But not soon enough. A corner of your neighbor's woodlot won't produce any lumber for awhile. Wildlife will have to look elsewhere for a home.

Each year, debris burning accounts for nearly as much damage to private and public lands as all other causes combined. It has run up a \$400,000 toll in Michigan since 1928 when the Conservation Department started keeping fire records.

During the next six or seven weeks, it will push the threat of forest and grass fires high. These seasonal threats will be busy burning leaves and whatnot around their homes, summer cottages, or on their farms.

Foliage and grass will still be dormant, waiting to be "greened up" by warmer temperatures and spring showers. Chances are, dangerously good that drying winds will prevail to make conditions more ripe for wild fires.

How can landowners beat down this seasonal threat, Michigan's burning permit system offers plenty of punch in stopping wild fires before they start.

It enables Department field men to limit burning to periods when conditions are safe and determined by a burning index rating which weighs such things as wind velocities, humidity, and recent rainfall. When this rating gives a "storm warning," permits are not issued.

In addition to controlling the "when" of burning, the permit system also keeps Department men posted on where they can expect burning for any particular day in their areas.

The location of every permit-approved burn is marked on maps at Department field offices and by townsmen. This speeds up help to landowners if burning gets out of hand. It also saves false alarms to neighbors.

When you get a permit, it must be considered a wild one and checked out by suppression crews.

So much for the system itself. When do you get one? First off, the law spells out that landowners must get a permit (at no cost).

TRIO FINED ON LIQUOR CHARGES

Three county young men were assessed costs and fines after entering pleas of guilty to liquor charges before the Justice of the Peace Olin Williamson on Monday March 27th.

LeRoy Lee Starks, 20, and Russell Lee Mudge, 20, both of Grayling, pleaded guilty to charges of illegal possession of alcoholic beverages. Both were given fines of \$50 and \$75 costs or face a jail stay of 60 days. Both paid their fines.

James Gary Petersen, 22, of Grayling, entered a plea of guilty to a furnishing to minors. He was given a fine of \$100 plus costs of \$75 or face a 90 day jail stay. He also paid his fine. The three were arrested by the Grayling City Police on the charges.

Hulls Sell Triangle Motel To New Owners

Mr. and Mrs. Joseph Hull, owners and operators of the Triangle Motel for the past seven years, have sold the Motel to Mr. and Mrs. John M. Baker, formerly of Royal Oak. The Bakers plan to continue the business under the same name, the Triangle Motel.

They moved in as of Monday. Mr. and Mrs. Baker have a daughter, Catherine, ten years old, who will be in the fourth grade when school reopens next week.

Mr. Baker, who has been an appliance repair man for Sears, Roebuck and Company for the past twenty years, says the motel business is a complete new venture for him.

He has been coming north for his vacations for many years, however, and Grayling has always appealed to him as a good town to live in and was Mrs. Baker's family home in Wakefield, in the U. P. Mr. Baker is a World War II veteran, and a member of the V. F. W.

Mr. and Mrs. Hull have no immediate plans other than to retire to their cottage on the Stephan Bridge road, and to enlarge it. Both Mr. and Mrs. Hull have been active in civic affairs while in Grayling, and will no doubt continue to contribute to the county's progress.

Woman's Club

The Grayling-Woman's Club met Monday April 3rd with a good attendance. This was husband's night, due to the presence of Attorney William McCready and his leader dog, Mr. McCready was a guest speaker. His subject was his dog, Storm, and the Leader Dog School for the Blind in Rochester, Michigan.

Mrs. John Proctor, District President, was also a guest speaker. Mrs. Proctor praised the Grayling Club for its fine work and excellent reporting to the District. She talked on the necessity for each club following the state outline of projects submitted.

Anyone having application for new members to turn in is asked to please submit the names to Laura Madsen before the next meeting, April 17.

To Uncle Sam: \$567,000 For Local Tax Bill

(Special to the Avalanche)

New York — If Government expectations are to be fulfilled, income tax payments next month from residents of Crawford County will be numerous and weighty.

An examination of 1960 earnings locally, when compared with similar figures for 1959, point to the fact that the tax returns will be at least as large as they were last April.

At that time local taxpayers turned in an estimated \$911,000 by way of personal taxes. Included were the amounts paid by them via withholding taxes.

The figure, which is approximately \$3,035,000,000 in such returns received from the State of Michigan, as reported by the Internal Revenue Service, as well as local data on total earnings and income groupings.

Residents of Crawford County, it appears, contributed 0.03 percent of the entire amount collected in the state.

This year, the Federal budget is geared for individual income tax receipts of \$47.8 billion, or about \$2.3 billion more than in 1960, based on an overall rise in earnings in the period.

Many sections of the country, however, suffered from severe unemployment during the past year, which will mean smaller tax payments from those areas.

As for Crawford County, advance reports indicate that total personal income in the county in 1960 ran somewhat higher than in the previous year.

As a result, the returns on April 17th, calculated on that basis, will be approximately \$967,000, a rise of \$56,000.

According to reports from industrial leaders, from government economists and from other, the recession has finally run its course and an upturn is near at hand.

Vital sectors of our economy, which have been dormant for many months, are beginning to stir. The informed guess is that there will be a definite improvement within the next three months.

A recovery will be necessary if the nation is to meet the \$2.4 billion rise in personal income taxes that the budget has as its goal for 1962.

Increases in Crawford County will have to increase by 5.0 percent this year if local taxpayers are to pay their share of this rise.

County G.O.P. Women Elect New Officers

There was a very good turnout Wednesday evening of last week at the meeting of Republican women at the County Courthouse.

Officers were elected for the 1960-61 term. They are: President, Mrs. Minnie Hartley; Vice-President, Mrs. Olin Williamson; Secretary, Mrs. Howard Day; Treasurer, Mrs. Robert Lovell; Finance, Mrs. Russell Carlson; Chairman, Mrs. Edna Burns of the various committees organized.

Mrs. Lovell is chairman of Membership, Mrs. Ernest Babow chairman of the Program Committee, Mrs. Russell Carlson chairman of Finance, and Mrs. Edna Burns of the various committees.

The next meeting of Republican Women will be held on Tuesday, April 26th, at 8 p. m. at the Courthouse. A cordial invitation is extended to all women interested in local politics to give their support to the club by attending this next meeting. Their ideas and opinions will be appreciated.

Local Businessman's Mother Succumbs At Pontiac, Mich.

Mrs. Priscilla Ann DuBois, 65, succumbed Sunday, March 26th, at St. Joseph's Hospital in Pontiac to a heart attack suffered at her home in Birmingham. Funeral services were held at 3:00 o'clock on Wednesday, March 29, at the Hamilton Funeral Home in Birmingham.

Besides her husband, R. E. DuBois, she leaves three sons, Elton of Birmingham, Jack of Detroit, and Richard of Grayling, and a daughter, Mrs. Edward Stone of Greenwood, Colo., and seven grandchildren.

Mr. and Mrs. Richard DuBois and family attended the services from Grayling.

FREDERIC PTA MEETS MONDAY

The regular monthly meeting of the Frederic PTA will be held Monday, April 10th, at 7:30 at the Frederic High School. Members are urged to give their support to the club by attending this next meeting. Their ideas and opinions will be appreciated.

Set Up Lapidary Class For April 11

Mrs. M. Bethel Clifford, of the Michigan Association for Better Hearing, Lansing, was in Grayling on March 15th working with Dist. Health Dept. No. 1 to establish a lapidary class for deaf and hard of hearing individuals.

## Circuit Court Opens Tuesday

The April term of Crawford County Circuit Court will open at the Court House Tuesday noon, with Circuit Judge Dennis J. O'Keefe presiding.

On the calendar are six law cases including three actions being taken in behalf of State Highway Commissioner John C. Mackie to condemn private property for highway purposes. The cases involve land in Maple Forest, Grayling and South Branch townships. Edward J. Kremer, assistant Attorney General will appear in behalf of the state.

Also included on the calendar are three chancery cases including the petition of the Auditor General for the annual Tax Sale and one divorce action.

Kiwanis Club Notes

By Wes LaGrow

The members of the Kiwanis Club of Grayling enjoyed another fine meal Monday evening served by members of the Lutheran Ladies Aid. No program was scheduled as the club had been invited to attend the Grayling Woman's Club program at which Prosecuting Attorney William H. McCready of Isosco County and his "Seeing Eye" dog were the guests.

After the program a directors' meeting was held which was chaired by Lt. Gov. Robert Gershenson of Cadillac. Next week's program will be held at the Woman's Club building.

U-M Renews Grayling High Accreditation

Ann Arbor — The University of Michigan recently renewed accreditation of 42 high schools in its annual accreditation program, according to Kent W. Leach, director of the U-M Bureau of School Services.

Among schools accredited by the executive committee of the Bureau at its latest meeting was Grayling High School.

The Edwin Barrys are back from spending the winter in Arizona.

## A Ten Point Program . . .

Health care — not only for the elderly, but for the population as a whole — has become a much debated issue in this country. It has become a political as well as social and economic problem. And, as is the inevitable case with all such controversies, some of the debate generates a great deal more heat than light.

A positive contribution has now been made by the American Medical Association, in the form of a 10-point program. The program was described in a recent address by the AMA's president, Dr. E. Vincent Askey, in a preface to it by saying that the medical profession pledges to the American people its "continued dedication to provide the finest health and medical care ever offered in history." In summary, the program goes like this:

1. Help to the Needy and Near-Needy. The AMA supports a federal-state matching program of funds for financing the full medical care of the aged in these institutions. It urges quick and full implementation of the Kerr-Mills law, which was passed by Congress last year, as the logical first step.

2. Health of the Aged. The majority of elderly Americans are well, and the program is designed to keep them that way. Stress is laid on preventive medicine. The AMA also supports flexible, non-compulsory retirement programs, good housing, sound nutrition, periodic health examinations, and other aids to health and prolonged life.

3. Voluntary Health Insurance and Prepayment. The AMA is working with the health insurance agencies and others to accelerate progress. Aims are to increase the number of persons covered, and to broaden both the extent and adequacy of coverage.

4. Cost of Medical Care. This is now under exhaustive study, with three basic committees working on various phases of the problem.

5. Physician Supply. The AMA states that it is intensely concerned over the supply of physicians to care for our expanding population. It is carrying on a medical recruitment program, designed to lure talented students into medical careers and to provide scholarships and loans. It also urges the expansion of existing medical schools and the creation of new ones.

6. Mental Health. Next winter the first National Congress on Mental Health will be held. Authorities and interested personnel from every aspect of American life will join together in a vigorous effort to combat mental illness.

7. Research and Continuing Education. The AMA will play an extremely active role in encouraging basic and long-range research in the medical sciences. As an example, an extensive campaign has been launched to mobilize the medical fraternity, hospitals and state health departments in a nationwide program to reduce infant mortality and morbidity. It is hoped that deaths and disorders of babies may be reduced by 25 to 50 per

cent in the next decade.

The next two points in the program deal with Health and Safety Education, and with International Health. The final one has to do with the Preservation of Freedom of Patients and Physicians. As part of it, the AMA will intensify its efforts to guarantee that every person receives good medical care, no matter where he lives, and regardless of his ability to pay. County and state medical societies are urged to make this policy known to all Americans.

Dr. Askey, in his conclusion, made it clear that this 10-point program isn't just a blueprint. "All of the projects are either already started or will be launched shortly. They will be developed with speed and firmness. In his words: "We assure the people, on our integrity as physicians and scientists, that their faith in American medicine will be rewarded a hundred fold. We shall equip them with something that no politician can provide — good health, freedom from disease and misery."

Monday evening, the high school auditorium was packed to capacity by approximately 700 parents and students gathered to see the movies of the school in operation which had been taken the week before. By this means, those interested in the school were able to get a picture of a cross section of the school in operation. No attempt was made to dress the picture up, but it merely presented a typical day in the Grayling schools. With Supt. Poor at the microphone, each scene was explained as it was shown on the screen. Classes were shown going about their daily routine in both the South and North side schools and a glimpse was given of the extra-curricular activities which are carried on during the year.

This is the fifth anniversary of the establishment of the Civilian Conservation Corps in the U. S. and the occasion is being observed this week all over the land with special programs and social occasions. It is a real birthday occasion, enjoyed by the officers and enrollees and by the public generally.

Elaborate plans are being made for the dedication of our new Masonic Temple that is fast nearing completion. The date will be April 28th, at which time Grand Master Parker and the other

grand officers will be present and assist in the ceremonies.

Mrs. Carl Nelson and Mrs. Floyd McClain are in Petoskey today.

Frank Lydell and Hans Peterson drove to Elk Rapids Saturday on business.

Mr. and Mrs. Francis Warner visited for a few days with Mr. and Mrs. Arthur Worden and family.

Kenneth Hoelsi spent a few days from C. S. T. C. Mt. Pleasant, visiting his parents, Mr. and Mrs. Chris Hoelsi.

Mrs. Carl Madson and son Howard of Gaylord spent Saturday visiting Mr. and Mrs. Peter Peterson.

Mrs. Roy Milnes, Mrs. Frank Bond and Mrs. Emil Giesling spent Wednesday in Saginaw.

Louie Short has returned to his home in Frederic after spending the winter with his sister, Mrs. Axel Larson.

Mr. and Mrs. Oscar Schnelker of Flint are visiting at the home of the latter's parents, Mr. and Mrs. Chris Hoelsi.

Mr. and Mrs. Amos Hunter and son, Rex, and Mr. and Mrs. William Hunter spent Sunday in Flint, visiting and on business.

Mrs. Bert Waite, of Tekonsha, Mich., who has been visiting her brother and sister, Clarence Van-Amberg, and Mrs. Carl Larson, returned to her home Sunday.

Mr. and Mrs. Waldo Hildebrand of Lansing, who are among Grayling's welcome summer residents, stopped during the weekend, en route through the city, the former on a business trip.

Mrs. Lewis Krone who has been visiting her parents, Mr. and Mrs. Carl Larson for the past three weeks, returned to her home in Jackson Sunday.

A. B. Cook, supervisor of State Fish Hatcheries, was in Grayling Saturday on business.

Clement Blaine left for Chicago Saturday, where he will enroll in an electrical school.

Robert Bensinger and his wife, daughter, Lanning arrived the last of the week to be here for some time visiting her parents, Mr. and Mrs. Herbert Gothro. Mrs. Bensinger, who had the misfortune to break her right ankle when she slipped on the icy pavement several weeks ago, is able to be around by the aid of crutches. Mr. Bensinger joined her here Tuesday to spend that day which was Mrs. Bensinger's birthday.

Earl Glerke came home from Saginaw for the weekend and Saturday accompanied his mother, Mrs. Adam Glerke and sister, Mrs. Jerry Larke, to Bay City, where

they spent the day.

John Hill is clerking in the new Gamble Hardware store.

Edgar Johnson is the new night watchman at the fish hatchery. Alex Kochanowski, formerly employed at the N. Schlotz grocery, is the new clerk at the Cash and Carry store.

Russell Robertson, employed by the State Conservation Department, is to be transferred to Hunts Creek substation in Montmorency County, a rearing station, 13 miles east of Lewiston, for the summer. Joe Merrill, of St. Louis, Mich., is the new shop foreman at Alfred Hanson's garage.

A son was born to Mr. and Mrs. Stanley Lazarowicz (Iva Howse) Monday.

The Harlem Globe Trotters, who were scheduled to play in Grayling Wednesday, failed to keep the date. The wire receiving word from the team on Tuesday told that they had been losing money on the tour and were cancelling all games.

Fourteen little friends helped "Skippy" Hanson celebrate his 5th birthday at his home Tuesday. After several games were enjoyed, Mrs. Hanson served a lovely lunch with a birthday cake trimmed with candy bunnies and five candles decorating the table. "Skippy" received many lovely gifts. A little favor was given to each of the guests as they left.

The Danish parsonage has been redecorated on the interior, and some remodeling done for the new minister and his wife, Rev. and Mrs. C. Stockholm, who are expected from Cozad, Nev., sometime this week. Rev. Stockholm will take the pastorate of Danish Lutheran Church.

Don Reynolds of the Better Housekeeping Shoppe, yesterday sold his interest to Mrs. Edgar Douglas, who with her husband will conduct the business. Don is leaving tomorrow for Mt. Pleasant where he is entering into partnership in a similar type of store. He is an excellent salesman and no doubt will do well in this larger field. Ted Burr will continue in the employ of the Better Housekeeping Shoppe as service man, which insures patrons of that place high type of service. He is an expert mechanic as well as radio expert.

Henry Mapes is driving a Ford car which he purchased last week. The Kerry & Hanson Flooring Mill was closed down for a few days for repairs.

Miss Isabella Karpus, who is working in Flint, visited her home

here over Sunday last.

Several of the students from the different schools are enjoying the spring vacation visiting their parents and friends. Misses Mabel Nelson of Ferris Institute; Louise Peterson of Ypsilanti; Norma; Helen Reagan of Ursuline Academy, Toledo, Ohio, and Helen Bauman from Lasell Seminary, Auburn, Mass., are visiting at their homes at present. Arthur McIntyre and Will Lauder, students of the M. A. C., have spent about ten days at home and returned to school on Tuesday. U. of M. students are expected to arrive about Friday or Saturday. Stanley Insley returned to Notre Dame the first of the week.

A team belonging to Jens Ellerson became frightened Wednesday and ran away. Little damage was done other than breaking the wagon tongue and scattering cedar posts along the principal streets of the village.

J. J. Gothro of Belleville, Mich., arrived here Tuesday to accept a position as barber in the Carl Sorenson shop. Mr. Gothro expects to move his family here as soon as he can obtain a suitable residence. Mr. Sorenson is now full owner of this shop, he having purchased the interests of his partner S. Kastenholtz. The latter is working in the Walter Cowell shop.

At the regular meeting of the Village Council at the Court House last Monday night the newly elected president and councilmen were duly installed. President H. Petersen will be assisted by A. MORE PEOPLE ARE  
BUYING CHEVROLETS  
THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing — there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turbo-Glide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car.

No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

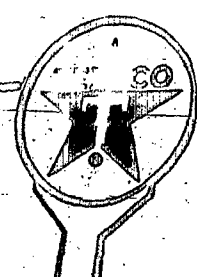

\*Official R. L. Polk & Co. registration figures show full-sized Chevrolets outdied the second-choice make by a record-breaking margin in 1960 — and Chevrolets continue to set the pace for the industry this year.

Escanaba, Crystal Falls, and Newberry in the upper peninsula; Gaylord, Mio, Traverse City, Baldwin, and Gladwin in the northern lower peninsula; and Plainwell, Jackson, and Inlay City in the southern lower peninsula. Several field offices are located in each district.

Permits may also be obtained from any conservation officer, fire officer, or townman. These are available from some of the state's 1,000 keymen (perhaps your local fire chief) who help the Department guard 20,500,000 acres against fire. Names of keymen are usually listed in local papers each spring.

Getting a permit is just the beginning of fire prevention, of course. All the same, when and where permits are issued, the rate and damage of wild fires is decidedly lower than the statewide average.

Here are a few other tips to follow before burning. Make sure debris is well out of the danger zone of your buildings. Dig a fire line around your burning site. Confine your burning to early morning (before 10 and late afternoon (after 5) when winds, humidity, and other factors are working for, and not against you. Have a shovel and several water cans at your side just in case and stay on the scene until your fire is out.

IN AMERICA'S BIGGEST, TOUGHEST 1961 ECONOMY CONTEST...

## Which man drove Rambler?

In the most realistic test of all-around gasoline economy ever staged—the NASCAR sanctioned 1961 Pure Oil Economy Trials at Daytona—Rambler won three trophies, held by driver Les Viland in the photo above.

No other make won more than one award... most won none.

Unlike other runs that put a premium on feather-footed driving, the Pure Oil Economy Trials closely parallel your own everyday driving experience.

Every U.S.-built production car is eligible. None are arbitrarily barred, as in some runs. In 1961, 145 cars representing all 5 U.S. makers competed.

Rambler American Custom with overdrive beat them all to win the cherished Overall Winner Trophy and captured the Class 6 trophy in competition with Falcon, Corvair, Lark and Tempest 4. In fact, it took the first 6 places and 8 of the first 10.

And Ambassador V-8 by Rambler won its Class, swept the first 8 places and 9 of the first 10 spots.

With speeds up to 65, and averaging more than 40 M.P.H., the winning Rambler American made 14 complete stops, shifted through the gears 15 times while circling the 3.7 mile course, and still averaged 26.86 miles per gallon!

This is the second straight year Rambler won the Pure Oil Economy Trials.

Want more proof of Rambler value? Then see your Rambler dealer. You'll find top-gas economy is just part of your savings. Rambler costs less to buy, is voted most trouble-free by owners, has top resale value.

Mrs. Roy Milnes and Mrs. Robert Neafie left Easter Sunday for Portales, New Mexico, to spend a week visiting the former's daughter and family, the Bill Bosins.

Mr. and Mrs. Roy Milnes, Jr., and children Betty, Roy and Bernice, spent Easter weekend with her parents, Mr. and Mrs. Bernard Houghtaling, at Orionville.

The Bob Niederers of Lansing visited her father, Roy McEvers, over Easter.

Camp Pendleton (PHOTO) — Marine Pfc. Ernest W. F. "Bill" Koerber, Jr., son of Mrs. Arthur Goodrich of 708 Ogden St., Grayling, completed a four-week individual combat training course, March 24th, with the Second Infantry Training Regiment at the Marine Corps Base, Camp Pendleton, California.

Every new marine receives combat training upon completion of recruit training. The course includes instruction in the latest infantry tactics, scouting and patroling, first-aid, military explosives, and defensive positions.

## Remind Parents To Warn Children now

Because warmer weather always brings an increase in child molestation cases, Sgt. Carl Harrison of the Houghton Lake State Police Post, has issued a timely reminder to parents to warn their children now against talking, walking, or going anywhere with strangers.

"The best rule for children is to avoid strangers completely," Sergeant Harrison emphasized. "Caution them often to beware of strangers while outdoors at play, or on the way to or from school. Tell them to report any strangers who make offers or promises of candy or gifts for going for a walk or a ride with them."

Child molestation cases investigated by the State Police last year totaled 581, an increase of 15, or 2.6 per cent, compared to 1959. The offenses reach a peak in the summer. The high month for 1960 was August with 84 while July was second with 80 and June third with 67. The peak month in 1959 also was August with 76 June was next with 73 and July third with 61.

The cases usually increase beginning in April and taper off in September and October.

# From where I sit... by Joe Marsh

Nobody's In the Doghouse

The question of our town dog catcher came up at the last town meeting and someone started a little fuss about Silm Thomas—said he'd been dog catcher for a year and hadn't caught a single dog.

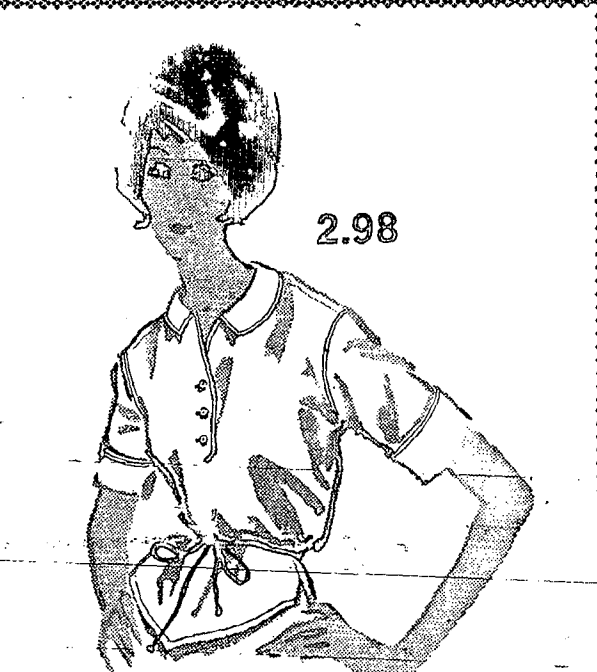

Buck Hanson spoke right up. "Aren't any dogs to catch. Any stray turns up, and if the dog's healthy, Silm gives it to some youngster to keep for a pet. We don't want to elect a man who'd put harmless little pups in cages, do we?"

I guess we don't, because Silm got re-elected, and they

even gave him a raise in pay. From where I sit, the folks in our town are a pretty nice bunch. Live and let live, they say—and they don't just apply this old axiom to stray, either. Me, for instance. Most every time a neighbor asks me over for dinner he serves me a glass of beer. He knows that's my preference, even though his might be coffee or tea. There's no "catch" to being a good neighbor—just to be a tolerant one.

## JUNIOR BOWLING LEAGUE RESULTS

On March 25, Bill Fife, Ted  
Carlson, Larry Gust, Jack Jones  
and Sherman Neal traveled to  
Roscommon at the Cherven Lanes  
to meet Grayling. The boys took  
three points from Grayling in some  
very close games. All the boys  
admitted to the jitters and hope to  
raise their averages up as most  
of them took a fall. Sherman  
Neal lead the little men to victory  
with a 168 average. Following  
him was Bill Fife with 145, Jack  
Jones with 147, Larry Gust with  
141 and Ted Carlson with 133.

On April 3, the Legion Lanes in  
Grayling will be host to the  
league with some very promising  
action to take place. Grayling will  
meet Roscommon and although  
Roscommon shares the lead with  
Grayling, the Grayling team is  
very sharp. Last Saturday S.  
Crook from Grayling bowled a 221  
game to lead Grayling to its only  
game over Grayling. Mancelona  
will bowl Houghton Lake with  
third place at stake. Present averages:  
Bill Fife with 154; Sherman  
Neal with 152; Larry Gust with  
142; Ted Carlson with 140, and  
Jack Jones with 147.

## Grayling Bowhunter's Archery League

Grayling Bowhunters, March 27,  
1961. In a last ditch scramble for  
the hardware the Baringer Bros.  
the Madison-Pulp Cutters, with  
Mac's Drugs put everything they  
had into Monday night's shoot-  
ing. The Bear Archery team,  
snug in their first place spot, shot  
along just for fun. The Bruins  
managed to hold their lead and  
take the number two slot, while  
the Pulp Cutters came up with a  
strong third place.

The high individual scores were  
as follows: Instinctive shooters,  
Men, Dick Johnson, 414; Women,  
Diane Tapley, 304.  
Sight Shooters—Men, Don  
Stough, 440; Women, Betty  
Stough, 403.

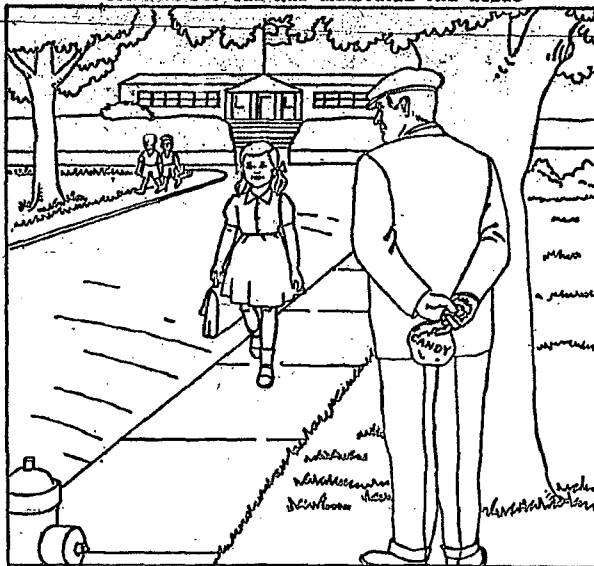

Team Standings—March 27,  
1961: Bear Archery, 92; Baringer  
Bruins, 81; Madison's Pulp Cut-  
ters, 78; Mac's Drugs, 62; Wharf  
Rats, 47.  
Saturday, April 8th, all of the  
league shooters will compete for  
the Individual Handicap Cham-  
pionship trophy. The Saturday  
shoot will also determine the in-  
door men and women champions  
in both the instinctive and free  
style divisions.

At the dinner following this  
tournament, the trophies will be  
awarded to the winning sponsors  
and individuals. All team spon-  
sors and club members are urged  
to come. Where but at the Bow-  
hunters can you participate in a  
tournament, have dinner, receive  
trophies and dance all in the  
course of a few hours.

A summer of fun and sociability  
is being planned now. So join us,  
won't you?

## Grayling Summer Visitor Dies At Port Huron

Word has been received of the  
accidental death of George H.  
Armstrong, 61, of 1222 Pearl St.,  
Port Huron, on March 21st. He  
was crushed under 9,000 lbs., of  
copper tubing at the Mueller Brass  
Company when a crane cable  
broke, dumping the load.  
Mr. Armstrong is survived by his  
wife Katherine, and three sons,  
Alvin, Jerry and Lloyd. He was  
son-in-law of Joseph Peters, and  
with his family spent vacations  
and holidays at the former Peters  
residence, 400 Plum Street, in  
Grayling. He was brother-in-law  
to Mrs. Roy Johnston, form Gray-  
ling resident, and to D. J. Peters  
of Lincoln Park, who informed  
the Grayling community of Mr.  
Armstrong's death. Funeral ser-  
vices were held at St. Joseph's church, Ar-  
gyle, on March 24th, with burial  
in Freeburg Cemetery.

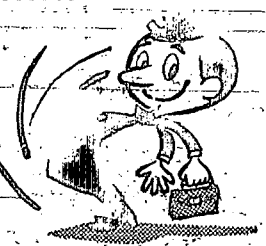

## Local Agent Honored On His Retirement

The Farm Bureau Insurance  
companies and the agents of the  
north area joined together, on  
March 22nd at the AuSable Ranch  
and Ski club to honor Clifford Ja-  
cobs, of Grayling, who retired  
that day after giving many years  
of service to Farm Bureau.  
Mr. Jacobs has been a Farm  
Bureau since 1948 when he helped  
organize Alpena County and acted  
as county secretary-treasurer, be-  
coming known as Mr. Farm Bu-  
reau. When Farm Bureau or-  
ganized their own insurance com-  
pany in 1949 he became an area  
sales manager. During these 12  
years he has traveled one-half  
million miles, mostly in the top  
26 counties of the lower penin-  
sula, where he has been and  
trained many men who have turned  
out to be good insurance agents.  
He had been in the insurance  
business 30 years before going  
Farm Bureau.

Mr. Jacobs was presented a  
service award, Hamilton, wrist  
watch, a large strato-lounge chair,  
a lamp and a lovely big birthday  
cake. Mrs. Jacobs was given a  
lovely corsage of roses and a  
purse.

After a bounteous chicken din-  
ner, there was dancing and visit-  
ing with everyone enjoying them-  
selves. Moving pictures were  
taken throughout the evening.  
Popping flash bulbs told of in-  
dividual careers best summed up  
by Agents and wives of 25 of the  
26 counties from Arenac across to  
Manistee north to Cheboygan at  
the top were present, with friends  
coming from Caro, Grand Rapids  
and Saginaw. Those attending  
from the home office at Lansing  
were Mr. and Mrs. Ivan Allison,  
Mr. and Mrs. Irving LaBlanc, Mr.  
and Mrs. Marvin Rorich. A let-  
ter from Nils Vermillion, Adm-  
inistrator of Grayling, was read.  
Expressed his appreciation for the  
years of service and association,  
with regrets for being unable to  
attend because of other commit-  
ments and sent best wishes.

Attending from Grayling were  
Mr. and Mrs. Otto Hunter.  
At the present Mr. and Mrs. Ja-  
cobs expect to retire to their pre-  
sent home on M-72 east, where they  
have two cottages and plans for  
some improvements that will keep  
them busy.

## REPORT FROM LANSING

**ROSS O. STEVENS**  
Your State Representative  
(Presque Isle District)

Two things happened last week  
that are of importance to the peo-  
ple of this District. First, your  
representative was appointed by  
Speaker Don R. Pears to the new-  
ly formed Tourist Industry Com-  
mittee. This committee consists  
of nine members, all of them rep-  
resenting different sections of the  
state and the tourist industry.

This committee promises to be-  
come one of the most important  
committees in the House, and cer-  
tainly it is important to the north-  
ern part of the Lower Peninsula and  
the Upper Peninsula. The  
tourist business is now the second  
largest industry in the state. While  
it is a large industry, at the pres-  
ent time, many informed people  
believe that it has only begun to  
develop.

It is expected that the Commit-  
tee will study all phases of the in-  
dustry, in the light of what legis-  
lative action can be taken to give  
it a full chance to develop. Chair-  
man Walter G. Nakula (R-Glad-  
win) has promised to develop a  
full program.

Another important development  
for this northern Michigan area  
was the introduction by myself of  
a Resolution calling for a com-  
plete study of the Conservation  
Department.

Eighteen House Members signed  
this Resolution. My purpose  
introducing it was to have an or-  
derly, and I sincerely hope, a  
friendly study of the Conserva-  
tion Department.

The numerous petitions, and  
complaints, that have come to me  
personally, clearly indicates dis-  
satisfaction on the part of a great  
many people with the policies of  
the Department. With the Con-  
serva-tion Department spending  
millions of dollars, it might be  
well to dig in and see how, and  
where.

Public confidence in our Con-  
serva-tion Department seems to be  
at an all-time low. It is my  
earnest hope that this investiga-  
tion will help to restore the con-  
fidence of the people in this De-  
partment and its policies, which are  
of such great importance to

so many in our District.  
My travels and talks with the  
people in the Presque Isle Dis-  
trict last summer convinced me  
that our area is hurting economi-  
cally. I feel that it is my duty to  
do all that I can to promote a  
more adequate conservation pro-  
gram. The House Resolution should  
pave the way for such a program.  
I might point out that this  
House Resolution is a concurrent  
resolution and must pass both the  
House and the Senate, and then a  
committee will be named from the  
membership of both houses to  
make the study.  
For 20 years I have worked in  
game and fish conservation, and  
proposed this resolution because I  
am confident it will mean more  
and better hunting and fishing,  
more recreation, more tourist busi-  
ness and a better Michigan.

**Did you know Gasoline  
is Taxed at a Rate  
5 Times as High  
as Diamonds?**

**IN MICHIGAN, YOU PAY \$1.00 TAX  
ON 10 GALLONS OF GASOLINE**

**Gasoline taxes will be lowered —  
if the latest temporary  
Federal gasoline tax increase  
expires on June 30th as scheduled by  
the 1959 Federal Highway Act.**

Along with all good citizens, we are in favor of building the roads that the motoring public needs. But, in the last 10 years alone, Federal and State taxes nationwide on gasoline have skyrocketed 51% — skyrocketed to a point where gasoline, a basic commodity, is actually taxed at a rate five times as high as luxuries like diamonds and mink coats.

Must gasoline taxes be so high? Most people believe that gasoline taxes are high because the money is needed to pay for our national highway program. This is not so.

The fact is that out of every highway-user tax dollar collected last year by the Federal government, more than 40 cents was diverted to non-highway purposes.

If these highway-user tax revenues were spent for highways — as they should be — gasoline taxes could be lowered, and the highway program given a boost.

In fact, the Federal-Aid Highway Act of 1959 provides that when the added temporary Federal gasoline tax expires on June 30th, 1961, as scheduled, some \$802 million a year in highway-user taxes — now diverted to the U. S. Treasury's general fund — will instead be deposited in the Highway Trust Fund.

As a result, if the latest Federal temporary gasoline tax

increase expires on June 30th as scheduled — the national highway program will actually get \$225 million more each year than it now receives from the latest Federal temporary gasoline tax increase.

In January of this year, after an exhaustive 2-year survey of national transportation policy, a special U. S. Senate study group confirmed the wisdom of this decision.

This will be good news for you. You will be able to enjoy a steadily improving highway system, at a lower gasoline tax rate.

## HERE ARE THE FACTS ABOUT TODAY'S HIGH GASOLINE TAXES

- In Michigan, you pay \$1.00 tax on 10 gallons of gasoline.
- You pay 10¢ tax a gallon — 4¢ in Federal taxes plus 6¢ in State taxes.
- Gasoline is taxed at a rate 5 times as high as diamonds.
- The average Michigan motor vehicle owner pays \$76 a year in gasoline taxes.
- Since 1951 there have been three increases in the Federal gasoline tax alone.
- In the last 10 years, gasoline taxes nationwide have skyrocketed 51% — yet the national average price of gasoline itself has risen only 5.5% during the same period.
